

INNOVATION COMES STANDARD

Local Air Conditioning specialists
serving the Hunter Region

HVAC | refrigeration | smart building automation | fire and essential safety

Our Story

Airmaster is an award winning building services company, providing HVAC&R management, smart building solutions and fire services across Australia, New Zealand and South East Asia. Founded in Melbourne in 1988 and with 13 branches across Australia and New Zealand, Airmaster's holistic approach to building management makes for a comprehensive range of service offerings. As a leader in the building services industry, Airmaster prides itself on delivering sustainable, cost effective and energy efficient products, services and solutions. As the built environment landscape changes, Airmaster has adapted, ensuring every service and solution offered aligns with best practice in building services management.

Having serviced the area for more than 16 years, Airmaster's Newcastle Branch has established itself as a specialist in commercial heating, cooling and refrigeration servicing the Hunter region.

Services and Solutions

Airmaster prides itself on delivering a wide range of award-winning services and solutions right across Australia. Where once only traditionally prescribed service and maintenance of HVAC systems was carried out, modern advances in technology, energy management, controls, automation and asset management now drive our integrated service delivery model.

Service & Maintenance

With Airmaster, you can depend on our 24 hour a day response team and technical specialists to limit the cost of down time.

Projects & Installations

From procurement through to installation, commissioning and maintenance; our team ensure your objectives are understood and delivered with optimised performance

Asset Life Cycle Management

Strategically manage the identification, life cycle and capital expenditure planning of building assets using benchmarked processes and industry-leading practices.

Controls & Automation

Redefine what is possible by enabling your building to constantly improve operation, efficiency and innovation by consolidating multiple systems into a single platform.

Fire Services

Airmaster Fire is an Essential Safety Measures (ESM) solution that complements Airmaster's range of products and services.

Our People

A geographically and technically-diverse workforce means Airmaster is able to respond quickly to customer requests, and being a single source technical services company means that when customers engage Airmaster, they only deal with Airmaster people.

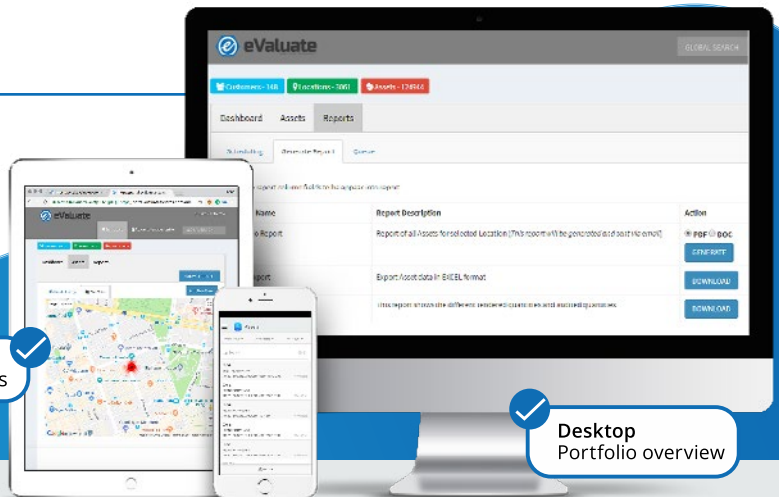

Our staff within the Newcastle branch are fully-trained and locally employed helping to deliver a thorough understanding of the community and our client needs.

Smarter asset management

eValuate is Airmaster's exclusive enterprise solution in Capital Asset Management that strategically manages the identification, life cycle and capital expenditure planning of building assets using benchmarked processes and industry-leading practices.

Portfolio overview

✓ Fully Automated

An easy to use automated program results in a comprehensive OH&S audit, register and cost replacement pricing.

✓ Life Cycle Predictions

Individual asset life cycle predictions for up to 40 years, driven by a context sensitive audit platform covering 120 data points.

✓ Ensures Regulatory Compliance

Achieves compliance with ozone protection regulations through a thorough refrigerant register.

✓ Latest Technology

eValuate's mobile app gives you complete and instant access to the status of your asset portfolio through the latest Dashboard technology.

✓ Budget Forecasting & Analysis

Capital Expenditure budget forecasting for 10 years and beyond with detailed analysis and reports of assets through BI Dashboards.

✓ Multi-disciplined

eValuate can be deployed across a vast array of asset classes, from mechanical services through to vertical transportation and security.

✓ Condition Ratings

Provides an overall condition rating based on an advanced condition audit by asset component.

✓ Driven by Specialists

Fully qualified specialists and technicians ensure audits are full and complete, even in the most difficult asset conditions.

Our Markets

Airmaster delivers services and solutions across a broad range of market sectors. With over 30 years of experience behind us, we have technical and sector-specific experts and knowledge on-hand that achieve bespoke, specialised results to all types of facilities.

Airmaster works closely with all market sectors, taking the time to understand your business and processes. Our commitment to dedicated maintenance will drive energy efficiency, contribute to uninterrupted operations and assist your business in meeting its regulatory compliance obligations.

Community Support

Airmaster has long supported reciprocal business practices as well as the local communities in which we operate. We actively support numerous local sporting clubs and community programs as well as providing generous donations to charity bodies through sponsorship and attendance at charity events. Currently we are a proud sponsor of the Central Coast Rugby Club Under 14's Team.

Reconciliation Action Plan

Airmaster's support of the Aboriginal and Torres Strait Islander communities has seen the company embark on a reconciliation journey accumulating in a Reconciliation Action Plan (RAP). In mid-2018 Airmaster held comprehensive cultural awareness programs and Welcome to Country / Acknowledgement of Country Ceremonies across the company's main branches. Airmaster's RAP prepared under the Reconciliation Australia framework sets out several actions that will help us to build a better, more supportive relationship with Australia's first peoples.
